

# Rescue African Children

## The Children's Voice

April 2017

Dear Brethren,

I greet you all in the name of the Almighty God. I wish to thank you all for your continuous prayers and support.

It is our humble request that you do not cease to put us in your daily working prayers. This is because, currently, we are seeking God's presence and provision for us to be in position to maintain our feeding program at Omega School. For many years, the children's food source has not been challenged as it is this year 2017. We injected in a lot of funds to farming but the season was not favorable.

The prolonged drought affected Omega School and our Maize yield was very bad this time. We are now running the School feeding program on a shoestring budget, overwhelmed by other needs. It is our custom to make sure that all our children at Omega School receive good meals. Most come from a very humble background and are very proud because they view their

school as exceptional. Our charity school, for many years, has maintained a good reputation in our community; we identify the needs of the vulnerable children of all

categories and care for them responsibly through your kind support.

Omega School currently has 560 students and each new year we try our level best to maintain academic excellence by making sure that all the basic needs for children are met, teachers paid, school supplies bought on time, and taking good care of the environment. We are accustomed to working hard in our school farm and we inject in funds to make sure that we glean a good harvest to keep the feeding program running smoothly. Mysteriously, the season was unfortunate; crops did not receive enough rain, resulting in a dry crop and no harvest. We lost all the 20 acres of maize. Famine is now in every home and it is very hard for people to find even a meal for a day. We are just buying corn flour to feed the school.

Pests were also an issue. Currently all necessary plans are underway to keep the omega farming activities running.

It is our humble appeal to you all to stand with us in prayer, interceding for us to God

so that a practical solution can be attained. Blessings!

REV. FRED TUMWEBAZE

**An Important Prayer Request:** Our friend, Pastor Fred, typed these words from a hospital bed. He is improving now, but we would ask that you continue to pray for his recovery and that the blood clot in his leg would completely dissolve.

**VOLUNTARY Increase to \$26:** In light of these dire circumstances, we would like for our sponsors to consider a voluntary increase from \$20 to \$26 per child. The extra \$6 will be used for the immediate needs of the children, their families, and Omega school. Once the crisis is averted, it will continue to be used to increase the efficiency of communications to the US, by adding to the number of social workers caring for the more vulnerable ones. As the newsletter stated, there are 560 children with only 2.5 social workers keeping track of Omega children's needs. Any extra funds will go toward pressing needs at the school. Thank you for considering this emergency increase and continuing to support Omega School through this time of crisis. Remember, this is completely voluntary. Regardless, please consider the Ugandan people in your prayers and join them in their entreaties for more rain.

May God bless you for your generosity,
