Hello Friends,

I am by the names called Eva Mutono; I am twenty two years old. I have grown up in a family of three people; my mother and my brother called Rogers.

Through our beloved Director, Pastor Fred Tumwebaze, I wish to extend my sincere appreciation to my American family and well-wishers for the love and great support they have given to me. I am happy I did not misuse the great support given to me which enabled me to be a qualified Medical Laboratory Technician. I now work with Namwendwa Government Health Centre II as a Medical Laboratory Technician.

I graduated in 2017 with a Certificate in Medical Laboratory from

Masulita Medical School, Kakiri District. My prayer request is that, I wish to upgrade to a Diploma Level. God has enabled Rescue African Children through our Director to create for us caring families overseas, in the land we have never stepped. Our established hope, love, support and up growing status shows the heavenly power.

I have moved one step at a time and I believe with the help of Rescue African Children and my family in America, I will get to the top of the ladder. I seek your constant prayers and equally I do pray for you too. You have sown a seed on the fertile ground and I believe and trust that, "it is rewarding to help somebody move from one level to another." Many times when I am testing patients in the laboratory I feel the joy in my heart because I love my profession. I always give them good care honoring the great support and love of my American family and Rescue African Children.

It is my prayer that God enables me to imitate my family in America and our Director by giving back.

God bless you all.

Gifts received by September 10th allow for a timely transfer of funds to Uganda.

#### Opportunities to Help the Children of Omega

Please consider adding a few more dollars to your sponsorship for the building of our secondary school/trade school so that Omega kids can continue to the end of their education under our care without the need to transfer to a secondary school outside of Reach's influence. (Building updates coming next month.) But here are some seed scattering suggestions. Add funds for: **Omega School General Fund** (will go to building projects), the **Christmas Fund** in the second half of the year. Then, in the first part of the year, the **Birthday Fund**. Thank you for your amazing generosity and your confidence in Reach to be the hands & feet of Jesus.
