Kayera Kasifa....UG/808....D.O.B: July 07, 1993
Dear Friends,

It is a pleasure to share with you the successful story of a young lady called Kayera Kasifa, who passed through our Ministry (Rescue African Children) as a sponsored child and now she is a licensed nursing assistant. This was through her sponsor's total commitment and great love. And we thank her sponsors for the great success their daughter has achieved. Kayera Kasifa is the first born in her family. She is now twenty six years old and a Nursing Assistant working with Iganga Town Council Medical Centre.

Kayera Kasifa grew up in a family of five sisters and three brothers. Their biological parents are all still living in the out borders of Buwenge Town council. She is very happy for her well-traveled Education Journey.

When our Social Worker visited her place of work, she had a good reception from Kayera; she constantly maintained her big smile and introduced the social worker to all her workmates. In her own words this is what she said, "I am pleasurablely happy to receive my great friends at my place of work. Indeed I am having great joy. You made me a successful Nursing Assistant, and now I am a mother of two boys."

I believe you can see the great joy you share with us here in Uganda. The joy you give through your kind love is so catching. We have a great impact because of your generosity.

In Kayera Kasifa's conclusive remarks, this is what she said through our Social Worker, "through all the support that I received from my American parents, I am indebted to serve the nation with total devotion and love in order to save the Ugandan children from all predictable and unpredictable diseases. And, all the time I am on the alert to save lives." Additionally, she thanked her sponsors for the great love and wished them wonderful success in all things they do. She also sought more prayers for her to be in position to upgrade from a certificate to a diploma level.

"May the Almighty God reward you all in your endeavors to rescue African children giving to them a future. God bless you all."

Gifts received by October 12th allow for a timely transfer of funds to Uganda.

An upcoming visit to Uganda might bring us pictures of some Omega School children receiving their letters from YOU! We are going to do our best but it starts with you sending a letter to be hand delivered to your child. We hope and pray that you might take a moment to do this. The letters mean the world to your sponsored kids. Consider sending them a printed picture of your family in the letter. Tell them about your family. Ask them questions that they can answer in letters to you. We have found that they carry them to school and consider them precious, to know someone loves and prays for them far away in the USA. Our friend Cheryl will carry them there if you mail them to our Roseville PO Box by 10/13.
