## 2 Omega School Kids are Highlighted as they "Take the Next Step" to Secondary School/Trade School

Dear Friends

I send you many Christian greetings from Uganda. Hope you are all doing well. Back here in Uganda, we are working hard, trying to fulfill our vision of making Rescue African Children a hub of opportunities for our children. Indeed, we try our best, but the need often feels overwhelming.

As we talk, we have brand new stories of two youngsters who thought they would never have a career. We have Phiona Abenakyo featured below and Dan Byamagero. Dan is now at Glory High School and Vocational Training Centre pursuing his two year certificate in Motor Vehicle Mechanics and Driving. This young man comes from the home of a village Pastor called Aliwuya Moses and he is the last born in their family of (6) children. He joined Glory High School this year, 2022, in the month of February. Our Social Worker visited him and took some photos.

Dan is a jolly boy, who likes what he is doing and when the Social Worker asked him how he feels, this is what he said, "I am deeply excited and happy to be here and I thank my sponsors for enabling me to be at School. I also request my sponsors to keep me in their daily prayers. I seek to successfully finish my course."

I believe you can see where we are going. There are many others on our pending list so keep on praying for them daily. And also be praying for Rescue African Children (REACH) to make our vision come to fulfillment.

God bless you all.

Fred Tumwebaze

**Note: We have raised enough funding for an extra special Birthday Celebration this month!** A grateful *thank you* must be extended to all of our sponsors. Through your generosity, several thousand dollars were raised. The day is set for presents and a special meal, with music and praise. All are looking forward to it with excitement. Thank you again for providing such a happy day.

Gifts received by July 16th allow a timely transfer of funds to Uganda

**Introducing: Phiona Abenakyo.** Phiona is now 20 years old. She comes from a single mother's home. Her mother is called Phoebe Nangobi and her father, Joseph Tigaiza, died when she was still a very young girl. She grew up in a family of five children, (3) girls and (2) boys, she is the fourth born in her family. The Covid 19 pandemic disorganized her Senior Secondary education. But, as luck would have it, she decided to branch off and joined Kubalera Kauma Vocational Centre, where she is pursuing a two year certificate in Hotel Operation and Hair Dressing. She has a double blessing and she is working hard to get good grades in her assessments.
