A Thank you, a Tax Statement, and a Year in Review!!

What a year! It's in the hard times that it becomes obvious; The Lord has made us a family! According to Revelation 7:9,

"After these things I looked, and this is what I saw: a vast multitude which no one could count, gathered from every nation and from all the tribes and peoples and languages of the earth, standing before the throne and before the Lamb, dressed in white robes, with palm branches in their hands.."

At some point in our history, we will stand with our Ugandan brothers and sisters, and worship the Lord together in that great multitude. And it will be even more poignant to stand with them then, because of how beautifully you have stood with them now. So many lives have been impacted by your prayers, love, and generosity. We at REACH USA had only to communicate a need and the response was immediate. Sometimes, literally hundreds of dollars, even thousands were sent by single individuals. There was such great need, not just the children, but their families were suffering too. And to some extent, they still are. The Christmas party, for example. You gave more more than \$7000 for the kids and their families to have a Christmas. For about 500 children, that only works out to just under \$15 a kid. Somehow Fred, who must see loaves and fishes miracles quite often, made that work so the kids had a sweet celebration and then brought food home for their families to share in the bounty from the Lord. This bounty from the Lord, given through your hands, has saved many lives. It seems so inadequate to just say thank you. Large or small, your response had impact and the Lord multiplied it by allowing Pastor Fred and his people to hand out God's Love along with some food, presents, and needs met, like clean water from a well.

As I write this in California, the rain pounds on the roof of my metal sunroom. It reminds me of how God always cares for us. We need that rain desperately but it seems to be either feast or famine. It causes me to remember that the most challenging things in our world will never overtake us because our God is bigger. And His design for us is that we walk through it with our family around us. Thank you for being a good brother or sister to our Ugandan family. Thank you for your sacrifice and may God bless you richly in the year to come. ...Happy New year from Sandy & REACH Team USA
